Principal:
Jill Evans

Offers Bus
Transportation For
Zoned Students

Offers
Before & Aftercare

Rivermont builds readers, writers and thinkers through experiences that cultivate students' inquisitive nature as well as critical and collaborative thinking. Our inclusive, positive and engaging environment supports achievement, growth and independence by motivating students to explore academic interests and passions.

Students experience real-world project based learning in our STEAM lab and in their classrooms. Students have the opportunity to explore art, foreign language, aquaponics and robotics during school, through after-school clubs, and at family nights.
